To Kathleen and family. Condolences and prayers for your loss. He was a great person and Doctor and perhaps saved the life of our son 41 years ago. When Jim was a week old and premature at 5 lbs and 13 ounces, Doctor just doing an physical exam with his magic hands found a blockage in his ureter which was just about a centimeter and saved his kidney. We thank god he was on call that day and forever loved his bedside care and help he gave us. RIP Doctor. Stan and Sue Lisk
